

As a certified Whisper Walls dealer, we have been installing this premier site-fabricated stretch-fabric acoustical panel system for over 24 years.

Whisper Walls offers our clients the versatility and functionality that other systems do not.

Choose from our standard line of fabrics or specify your own fabric to be used within the Whisper Walls system.

The Whisper Walls system can incorporate a variety of core types including our revolutionary PurECOre as well as standard and specified fabrics.

As a replaceable fabric system, it allows the end user to service the fabric easily if it becomes damaged or stained.

With the largest profile and size selection in the industry, we will be happy to work with you to suit your needs and meet your design intent. Z-Best to install.

www.zbestwc.com

Z-Best Wallcoverings Inc. was established in 1985 and continues to this day to provide quality commercial wallcovering products to the construction industry.

In 1991 we joined with Whisper Walls to become the premier dealer in the DC, VA, and MD region.

We are a member of the Mid-Atlantic Regional Council of Carpenters Union.

We have developed a strong working relationship with most of the local General Contractors and architectural firms associated with commercial construction.

Our mission is to provide a quality, environmentally responsible product and installation that exceeds the expectations of all parties involved.

Z-Best provides installation services for all our products within the Washington DC, MD, and VA areas. Contact us for material and installation package quotes. Z-Best Inc. provides and installs many specialty services, including but not limited to, the following:

- Visual Display Boards
- Communication Boards
- Markerboards
- Tackboards
- Various styles of Acoustical Foam
- Crash/Bumper rail
- Aluminum marker tray
- Wall protection systems (ie. Acrovyn and Korogard)
- Writeable wallcovering
- Forbo Tac-Wall (tackable cork)
- Corner guards
- Pre Manufactured tack/acoustical panels
