## Stretched Wall System

Whisper Walls are exceptionally designer friendly site-built upholstered walls that perform as acoustical, tackable, and decorative surfaces.

## Whisper Art

Whisper Art is a designers dream. When it comes to eliminating unwanted noise without limiting your design to standard acoustical wall and ceiling panel products, Whisper Art is the solution

## Whisper Cloud

## Whisper Span

The Whisper Cloud custom design allows you to decoratively absorb sound in targeted areas.  
The Whisper Span wide-span, fabric covered acoustical ceiling system resembles a lightly textured hard surface that performs acoustically
